

# Successful \$13.0 million Placement for White Dam Gold Operation

## HIGHLIGHTS

- Firm commitments received for a \$13.0 million Placement
- Strong support from new and existing institutional and sophisticated investors
- Funds raised will be used to acquire and restart the White Dam Gold Project and to advance exploration at the Company's North Queensland Projects

---

Queensland focused gold explorer, Pacgold Limited (**ASX: PGO**) (**Pacgold** or **the Company**) is pleased to announce it has received firm commitments for a \$13.0 million two-tranche placement (**Placement**) via the issue of 173.3 million new fully paid ordinary shares in the Company (**New Shares**).

Funds raised from the Placement will be applied towards the acquisition of the White Dam Gold Project, refurbishment and restart of existing plant and infrastructure at White Dame, exploration and drill outs on the existing delineated resources, study work and exploration at the Company's North Queensland Gold-Antimony Projects.

**Pacgold's Managing Director, Matthew Boyes, commented:**

*"The support from existing and new shareholders for the Placement is a clear demonstration of support for this transformational acquisition of the White Dam Gold Operation in South Australia."*

*"This strategic acquisition marks a pivotal step in Pacgold's evolution of its project portfolio, and a pathway to near-term gold production and cash flow generation. The White Dam Gold Project, with its established infrastructure, existing JORC Resource and remaining gold in the heap leach, provides an exceptional opportunity to rapidly restart operations with minimal capital outlay against the highly attractive gold pricing environment. This acquisition not only delivers immediate production capacity but also adds substantial exploration upside across a large, prospective tenement package. Combined with our advancing North Queensland gold-antimony projects, this positions Pacgold with a powerful blend of production, growth and discovery potential — setting the stage for an exciting new phase of value creation for our shareholders."*

## About Pacgold Limited:

Pacgold is an ASX-listed mineral exploration company (ASX: PGO) with highly prospective projects situated at the northern end of the Northeast Queensland Mineral Province. This gold-rich Province contains several multi-million-oz gold deposits including Pajingo, Mt Leyshon, Kidston, and Ravenswood.

The 100% owned Alice River Gold Project comprises 30km of prospective gold targets within 377km<sup>2</sup> of granted exploration permits and mining leases. It is set within a large intrusion-related gold system in North Queensland with similarities to the Fort Knox deposit in the USA and the Hemi deposit in Western Australia.

Pacgold also has the right, via a three-stage farm in agreement, to earn up to 100% interest in the St George Gold-Antimony Project located 70km west of Mt Carbine, North Queensland. The tenement package consists of 7 tenements comprising of 5 granted and 2 tenements in application for a total area of 905km<sup>2</sup> within a developing Antimony province in the Hodgkinson Province.

In addition, Pacgold has acquired the White Dam Gold Operation in South Australia, approx. 80km from Broken Hill. The project includes open pit mines, heap leach pad, full personnel camp and operational gold extraction plant with related infrastructure, providing a clear pathway to near-term gold production and cashflow.
