8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer:

Yes. Basin has entered into a binding agreement to sell a non-core asset of Marshall to reduce costs and contribute additional funds. In addition, the Company has access to a Queensland Government cash grant to supplement the drilling just completed which is expected to be released in the March quarter.

The Company continues to have access to supportive shareholders and equity market participants and believes further capital raises can be achieved when appropriate.

8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer:

Yes. Refer to answers above.
