

ASX RELEASE

17 February 2026

For immediate release to the market

Appointed as Preferred Contractor – Laverton Processing Plant

GR Engineering Services Limited (ASX: GNG) (GR Engineering) is pleased to announce that it has been appointed preferred contractor by Brightstar Resources Limited (ASX: BTR) (Brightstar) in relation to the engineering, procurement and construction (EPC) contract for the Laverton Processing Plant (the Project).

The Project is located in the Eastern Goldfields region of Western Australia, approximately 35km south-east of the town of Laverton. The scope of work comprises the design, procurement, construction, installation and commissioning of a 1.5 Mtpa gold processing facility.

The EPC contract is subject to the achievement of Final Investment Decision and finalisation of project funding, both of which are anticipated to be completed by late March 2026. The estimated contract value is \$115 million. An early works agreement has been executed and ordering of long lead items and engineering works have commenced.

Commenting on the appointment as preferred contractor, Mr Tony Patrizi, Managing Director said:

“GR Engineering is pleased to have been selected by Brightstar as the preferred contractor for the delivery of the Laverton Processing Plant Project. Our clients are increasingly seeking certainty and a track record of performance. GR Engineering has been able to demonstrate this to Brightstar, including by reference to its proven track record of successfully delivering project outcomes in the Western Australian gold sector. We look forward to working with the Brightstar team on their pathway to become a stand-alone Western Australian gold producer.”

Ends.
